

## Public Meeting Regarding Water Friday, Sept. 17

The Sidney Businessmen's Association is in receipt of a communication from the Public Utilities Commission stating that an application is before them from the Sidney Water & Power Co. Ltd. asking permission to make certain increases in their water rates, and asks the view of the association on the matter.

At a public meeting some time ago a committee consisting of F. J. Baker (chairman), G. A. Cochran (secretary), Raye Page-Wilson, Everett Goddard and George Gray, was appointed to further look into the advisability of taking over the water system. This committee, we understand, was not successful in meeting the company and arriving at any definite valuation of same.

In view of the communication just received from the Public Utilities the committee is meeting the members of the Sidney Businessmen's Association on Friday night, Sept. 10, at 8 o'clock, in Mr. Peddle's office. The communication will be jointly studied.

On Friday, Sept. 17, at 8 p.m., in the Sidney School, a public meeting will be held regarding the water situation when the committee will report and it will be decided what future action will be taken.

All citizens interested should make a special effort to be present.

## SAANICH FAIR DREW THOUSANDS

The Diamond Jubilee of the North and South Saanich Agricultural Society, Labor Day and perfect weather combined to make the Saanich Fair an outstanding success in a social way, financially, and in the number attending — some 3,000 or more.

The quality of exhibits, although limited in some sections, was excellent and drew praise from the many who viewed them. Hon. K. C. MacDonald, Minister of Agriculture, who officially opened the fair, congratulated the community and urged the farmers to keep up the good work. He made special mention of the children and their contributions to the exhibition.

The crowd was so large the booths of hot dogs, ice cream, soft drinks, etc., were soon sold out. Tea was also sold out by early afternoon.

The Highland events, as usual, attracted a large crowd. There were pony rides for the youngsters. The cattle section was bigger than ever and all afternoon visitors from the city, peninsula and islands watched the judges at work in the prize ring. There were sheep and swine, chickens and horses, and in the hall were the finest vegetable grown in the district this year. In addition there were a number of historical exhibits that conjured up pioneer days when the farm families rode to the fair by horse and buggy.

There were many fine horses, and Dr. S. J. Tolmie Challenge Cup for the best team went to James Turner.

### CATTLE

In the Jersey cattle section, H. F. Burbridge took most of the prizes, leading in practically every class. He won the ribbon

### Promoted To District Passenger Agent

RUSSELL J. BURLAND

G. Bruce Burpee, general passenger agent, Canadian Pacific Railway, Vancouver, has announced the promotion of Russell J. Burland to be district passenger agent of the Canadian Pacific Railway, in charge of rail and B.C. Coast Service passenger traffic for Vancouver Island at Victoria.

For senior champion cow; ribbon and P. G. Cope challenge cup for junior champion cow; the Eric W. Hamber cup for grand champion cow; the Brackman-Ker cup for senior get of sire; the Fordham-Johnson cup for dairy herd; Palm Dairy prize for best herd of four females; and signifying supremacy, the Royal Bank of Canada cup for most points in the Jersey section.

To a Jersey from the Harold Brooks farm went the junior bull championship, while Major A. D. Macdonald took the bull grand championship. Clay of Victoria cup for R.O.P. went to Arthur Ayland. Frances Pradett won for cow under one year, exhibited by boy or girl under 16 years of age, not a member of a calf club.

The dairy cow judging competition for boys and girls was won by Raymond Eckstrom, with Chere Malcolm in second place.

In the Holstein section Henry Robinson and Frank Doyle were winners.

### SHEEP, SWINE

The sheep section was bigger than ever, the leaders being D. G. Mackenzie of Ganges; J. Turner, R. C. Derrinberg, Sydney Pickles and Leslie Gaze. Swine winners were A. Doney, W. V. Mitchell and R. C. Derrinberg. George Doney won the prize for shop hog, raised and fed by boy or girl under 16.

In the rabbit section R. V. Robinson and Phyllis Staverman were winners.

Championship for best male bird in the poultry show went to J. P. Mitchell with a light Sussex. F. H. Staverman, with a Rhode Island Red hen won championship for best female bird in the show, being Mrs. William White, Leslie Gaze won for geese.

Eggs made a good showing, winning Joan Pickles, Mrs. William Douglas and Mrs. F. E. Tickner.

Victory gardens and a sense of wartime needs resulted in a fine showing of fruits and vegetables. One of the biggest pumpkins ever produced in the district was that shown by D. H. Heyer, this weighing 51 pounds. J. A. Nunn, one of the judges, exhibited a cabbage which weighed 15 pounds, after five pounds had been stripped off for display purposes.

Potatoes were a strong class, W. D. Mitchell being awarded the South Saanich Farmers' Institute prize for the best 25-pound box, any variety, and W. G. Burch the award for best box.

There were many other exhibits and we regret space does not permit us to enumerate all in this issue.

Mr. Gardner is also allowing the use of the gate and roadway through the title range to the scene of action. Those using the gate are requested to please close same — and thus avoid the cattle from straying from the enclosure.

### The Weird Circle Offers Eerie Tale Of The Sea

"The Narrative of Arthur Gordon Pym," an exciting sea story, weighted with chilling mystery of a ghost ship, of mutiny on the high seas and a fateful fight for life decided by the drawing of straws is the "Weird Circle's" mystery masterpiece that will be heard Thursday, Sept. 9, on CKWX at 9 p.m.

"The Narrative of Arthur Gordon Pym," by Edgar Allan Poe, sustains his reputation as a master of the weird tale of horror and suspense which has never been surpassed.

The leading role in this exciting mystery is played by Carl Frank. As romantic lead, announcer, commentator and in many difficult character parts, this young radio star is equally at home. As Buck Rogers, Carl Frank, captured Young America. He plays Bob in the veteran daytime serial "Betty & Bob" and has appeared in countless other dramatic shows such as "The Shadow," "Gangbusters," "Campbell Playhouse" and others. For many seasons he has been the announcer on "The Good Will Hour," and for "What's My Name," and before coming to radio he had carved an enviable niche for himself as a star in the Broadway Theatre.

Other leads in "Narrative of Arthur Gordon Pym" are played by such well known stars as Santos Ortega as Captain Bernard; Irving Goldwater as Weston Bernard; Earl George as Allen; Ted de Corsia as Peters; and Roe Rogers as Munroe.

They will also result in the saving of gasoline and fuel. To make them possible the time of service at St. Mary's Church is being advanced from 10:30 a.m. to 10:15. Please remember, beginning Sunday, Sept. 12, service at St. Mary's Church, Saanichton, will begin at 10:15 a.m.

## WATER

The water question is once more before the citizens of Sidney and district and a public meeting is being held on Friday, Sept. 17, in Sidney School, to hear the report of the committee appointed many months ago to look into the matter of acquiring the local system.

Those interested will have an opportunity to express their views as to what further steps should be taken, if any, in organizing a local water district and acquiring the present system.

We understand that the matter of connecting with the water system of National Defence is being taken up at Ottawa by R. W. Mayhew, M.P.

A good turnout of interested citizens at this public meeting is urged in order that something definite may be decided upon.

## EXCELLENT

Congratulations to George Michell, president, Stuart G. Stoddart, secretary, and all other officials and workers of the North and South Saanich Agricultural Society on the excellent success of the Saanich Fair. It was a truly fitting event to mark the Diamond Jubilee of the society.

### REPLY TO DEACHMAN

Sir:—Mr. R. J. Deachman, consulting economist at Ottawa, had an article in the Review dealing with post war progress.

He stated: "There is mighty little wrong with our economic system; this mind you in spite of the fact that said system, in 25 years has committed 30,000,000 murders in two wars, with the intervening period filled with unemployment, insecurity and crime! 'Mighty little wrong with it!' Well that depends on how one looks at it. If you are a good capitalist and the soullessness of the system cuts your own soul, then to you there will be 'mighty little wrong with it;' but if you are a humanist and believe in peace, art, leisure, and the fine things of life, then there will be plenty wrong with it."

In presenting his case for free enterprise, Mr. Deachman uses such terms as "functional rate of wages" and "functional rate of profits," endeavoring to show how a regulated relationship between the two would make it possible for the lamb and the lion to lie down together and be happy ever afterwards.

The post war revival of the competitive system means that science and technocracy will invent more labor saving devices than ever before. This means greater unemployment. Sir William Beveridge says that his Security Plan cannot function if unemployment exceeds 10 percent. Mr. Deachman's thesis cannot stand against that.

When Japan attacked China the experts said: "She cannot fight for more than three years, by then her gold supply will be exhausted." Mr. Deachman rightly states: "We know now that wars are fought, not with money, but by the full productive capacity of the nation." Very good! Then why is he not in favor of fighting for peace on the same kind of economy instead of on the old way of a national income based upon the amount of goods we can sell in competition on foreign markets? The answer is: Capitalism being a system of scarcity would, under such an experiment, soon meet its executioner.

### THE BOOK OF BOOKS

Sir:—In one of our local papers there appeared quite recently a very sensible article in which was deplored the fact that we have failed in the application of Christianity to much of our public life. The article points out that wherever Christianity has been applied, great has been the influence on the world for good.

The author then proceeds to mention the following Christian generals: Dobbie, Alexander, Montgomery; also President Roosevelt and Generalissimo Chiang Kai-Shek. One could also mention General Gordon, Mr. Gladstone, the remarks of the latter were repeated by Mr. W. Churchill: "We rest with assurance upon the impregnable Rock of Holy Scriptures." Then there is also Sir Walter Scott who, on his deathbed asked for THE BOOK, meaning: the Bible; and the late Queen Victoria, who asserted that the greatness of the British Empire was founded upon the Bible, and this our enemies, within and without our camp, know!

To say that "Western Faith must finally pass away for ever" is a fallacy nursed only by Bible haters and is contradicted by God Himself: "Heaven and earth shall pass away, but My Words shall not pass away;" and it is gain-said also by facts!

May I here ask, in a general way, a few pertinent questions? Was it Payne's writings or Ingersoll's speeches that raised the drunken riots out of New York's gutters, or was it the Bible in Jerry McCauley's Water Street Mission which removed, degraded and degraded outcasts of society, into honorable citizens? Was it Darwin's books on evolution that converted the cannibals of the South Sea Islands and the head-hunters of Borneo into respectable human beings, or was it the Missionaries' Bible? Do men on their deathbed, on the battlefield, or drifting on rafts in mid-ocean, ask for "The origin of species" or for the Bible?

Since the Bible is such an influential book why is it denied its rightful place in our B.C. schools, where it should be read without comment? The school books of today are out of date tomorrow; the Book of Books never changes and however old, it is ever new! "The Word of the Lord endureth for ever!" Amen!

## When Beauty Rings True

Poets have penned it, artists have painted it, sculptors have carved it—the immortal theme of beauty. In the craftsman's art, beauty—personal and impersonal—mingles. Dainty fingers sparkle them and beauty radiates true—the connoisseur KNOWS good diamonds. And in this harmony Little & Taylor is again supreme.

## NATIONAL SELECTIVE SERVICE

## Extension of Compulsory Employment Transfers.

To Employers and Employees:

THE 6th Compulsory Employment Transfer Order, issued under authority of National Selective Service Civilian Regulations, requires compliance not later than September 8th, 1943. After that date no employer may continue to employ any man covered by this Order, unless under special permit.

The first five Compulsory Transfer Orders listed occupations, and required compliance by all male employees in those occupations if (a) in an age and marital class designated under the Military Call-up, or if (b) 16, 17 or 18 years of age. The Sixth Order repeats all occupations given in the five earlier Orders, and requires all other men from 16 to 40 years of age (both ages inclusive) to become available for transfer to higher priority jobs, by registering at the nearest Employment and Selective Service Office.

Details of the Sixth Order were advertised in daily newspapers at the end of August. Copies of the Order may be secured from any Employment and Selective Service Office.

If in doubt as to the coverage of this Order, or the procedure under it, ask your nearest Employment and Selective Service Office.

All men, married or single, employed in designated occupations, aged 16 to 40, are now covered by the Orders. To avoid penalties, those who have not yet registered must do so by September 8th, 1943.
